Our Sheet Music, Music Book and Music Publishing Department

is one of the largest branches of our entire business, and in it every publisher, both Foreign and American, is fully represented. It is here that the Teacher, Student and Professional Musician finds the largest and most complete stock of Sheet Music and Music Books in the Dominion, while a well-drilled corps of intelligent clerks enables us to fill doubtful and obscure orders in a manner unequalled by any house in the entire country. Our discounts are most liberal in this department, and our ability to serve our patrons promptly and satisfactorily is evidenced by the fact that we number among our customers the *leading musicians* of Canada.

In this department of our business will also be found the complete publications of the numerous publishers of the popular style of music so much in vogue at the present time.

Our Music Engraving, Printing and Lithographing is also included in this department. It might be of interest to you to know that "CANADA'S GREATEST MUSIC HOUSE" is the only music house in Canada that Engraves, Prints and Lithographs Music.

Music publishing being our business, we want to call your attention to the fact that we can issue a piece at short notice, having the best means at hand for putting the same in print.

If you contemplate publishing anything we should be pleased to give you our terms, and considering our long experience and immense trade that we control, we are sure we could do you some good.

Do you buy music? If so, why not write to us for our terms and prices? Our catalogue comprises something of everything.

If you have not dealt with us in this line we should like to hear from you, being convinced that we can both interest and be of service to you to your advantage over any other house in the business.

Complete Music Catalogues free on application.
